The 403(b) Plan is offered to Tyler Independent School District employees as an opportunity to supplement their retirement program with salary deferrals contributed to a choice of annuity contracts or mutual fund products.

Enrolling in the 403(b) Plan is a two-step process for participants:

Step 1: You should review the list of available investment providers and select an active vendor from the list below. If you do not currently have an account with the vendor you selected, contact a representative who will assist you with the necessary documentation required to establish an account with the investment company.

Step 2: Enroll in the Plan. Elect a salary deferral amount, and designate your selected vendor using the enrollment steps provided in this document. Failure to establish a contract or custodial account with your selected vendor may prevent timely investment of your contributions.

If you were previously enrolled and wish to continue making contributions to the same investment provider, you will not be required to re-enroll or change your current elections under the Plan. The options you previously selected will continue to be applied to your new contributions. Existing balances may remain with the vendor or be transferred to another active vendor by completing a Transfer form. Transfers may incur a surrender charge. Please contact your vendor for more information.

The following investment providers have been approved to accept contributions for the plan. Contributions cannot be accepted by any other company.
